- MIGA blends donor financing from the SURE TF with risk exposure on its own books, and crowds in public and private reinsurance where available, to deploy guarantees in support of Ukraine.

- **Trade Finance guarantees** for Ukraine to import vital goods and equipment for infrastructure repairs, or agricultural production.
- **Political Risk Insurance** for international banks to facilitate access to finance, as well as liquidity support to Ukrainian businesses.

- The SURE TF was established with Japan as the anchor Donor, and together with its other Donors, the UK (FCDO), Norway (Norad), Belgium, and the U.S.A., it grew to nearly \$110 million.
- MIGA expects the SURE TF to grow to \$300 million through contributions from additional donors.
- MIGA is also actively fundraising towards this end.
